A fall cohort is tracked through the following academic year for retained or graduated students. Students in a cohort are retained if they enrolled in any postsecondary institution included in the National Student Clearinghouse (NSC) during the following academic year or graduated from any such institution during the two-year period. The fall cohort (denominator) includes first-time students (full-time or part-time) at that college during the fall or summer semester, excluding prior high school dual enrollment. Students must be regular admits only (not provisional, developmental, or special admit) and may not be high school or transient student type. All major codes are included, including students who are not enrolled in an award program, e.g. IA00.

TCSG updated the Measurable Skill Gain (MSG) definition per National Reporting System guidelines in 2024.

Count of Periods of Participation with Measurable Skill Gains (MSG) for participants with more than 12 hours of attendance and initially assessed at Adult Basic Education (ABE) Levels 1-4. A participant achieves an MSG by increasing their educational functioning level through pre and post testing, exiting the program and entering postsecondary, passing a subject area subtest of the High School Equivalency exam, attaining a high school equivalency diploma, obtaining a credential in an IET, or completing milestones in a Workplace Literacy program within the fiscal year.

Unduplicated count of companies that received customized contract training (CCT) from the college during the fiscal year. CCT is training in which one or more companies request and pay for, or arrange for payment of, the training of their employees. Courses may include customized or standard curricula, depending on the type of training requested by the company. Generally, a college establishes a contractual relationship with the company prior to providing CCT. Colleges self-report quarterly data in TCSG's Economic Development Data Entry Application.
